Dear Families,

Announcements:

- We will begin our MAPS testing this week. We will be taking the MAPS Reading and Math tests on Tuesday and Thursday. Our testing begins right away in the morning. Please make sure your child is rested, fed, and on time each day!
- There is no school on Friday.
- Please turn in the necessary Camp Timber-lee forms that came home as soon as possible. It does take me some time to check and verify all of the forms that get sent in. Please do not wait until the last minute. Thank you for your understanding.

Homework:

- Reading-We will not have a new story, spelling or vocabulary because of testing and the short week.
- Math- We will be reviewing fractions, decimals and percents.
- Science- Our Science Planet Projects will be due on April 17th! Because of testing and limited computer lab time, it is expected your child work on this outside of class. We have spent nearly 5 hours (if not more!) in school working on this. Check your child's progress.
- Social Studies- students should be preparing their biographical speech on their historical figure.

Let's finish this last week strong before our well deserved break!

"If we did the things we are capable of, we would astound ourselves." ~Thomas Edison
